The two seals treated here belong to an American private collection and were graciously called to my attention by Dr. M. Gallery Kovacs. I was not able to handle the seals themselves, but worked only with photographs of their impressions. It is my great pleasure to present this modest study to Professor René Lebrun, who has contributed so much to our knowledge of the pre-Classical civilizations of Anatolia.

Seal no. 1

Biconvex disc, with two lines on the edge and ladder border. Red jasper (?). Diameter 24 mm.; thickness 14 mm. Pierced. Thirteenth century BCE Anatolia or northern Syria.

Side A: Personal name La-la-zi (previously unattested), flanked on the right by BONUS₂.VIR₂ and on the left by VIR₂ and an unidentified sign depicting a two-handled vessel with what appear to be flames emerging from its open top. The first group indicates that the owner of the seal was male, and the second undoubtedly denotes his profession, perhaps a cultic or culinary speciality. Several filler elements surround the zi-sign.

Side B: Striding male divine figure (LAMMA, or Tutelary Deity) in horned skull-cap, kilt, and shoes with upturned toes, shouldering a bow and carrying an uncertain object in his outstretched left hand. To his right is the personal name La-la-ôziô and to the left the same professional title found on Side A. An arrowhead-shaped filler is placed behind the rear foot of the god.
**Seal no. 2**

Biconvex disc, with plain edge and simple line border. Black steatite (?). Side A rather worn. Diameter 21 mm.; thickness 12 mm. Pierced. Late second or early first millennium. Anatolia or northern Syria.

Side A: Personal name between symmetrical BONUS₂, FEMINA, which indicates that the possessor of this seal was a woman. The name is badly abraded, but is possibly to be read as L₁₁₀⁶⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻⁻{-Françoise Coquery-Vidron}

Seal no. 2 – Side B

i Although seals of this type are indeed also attested in the « Neo-Hittite » period, I know of no late biconvex seals featuring the figure of a deity.

ii Cf. the very cursive variant of this sign, third from the left in the entry in LAROCHE, E., *HH*, p.70.

iv Previously unknown, but cf. cuneiform "Ma-pí-li-iš, KUB 5.6 iii 22 (LAROCHE, E., *NN*, no. 754).
